

Emirates Rail & Fly

© ÖBB

Emirates introduces Rail & Fly in Austria

We are glad to announce that Emirates has launched an interline agreement with the Austrian Railway Company ÖBB. Your customers may now seamlessly combine the Austrian ÖBB rail network with the worldwide Emirates network.

The cooperation between Emirates and ÖBB offers your customers attractive rates and a guaranteed connection to their Emirates flight or ÖBB train (see conditions below). The customers can easily depart from any ÖBB train station in Austria to more than 150 Emirates destinations on six continents and v.v., making your customers' travel even more flexible.

ÖBB offers two types of service to EK passengers: ÖBB 2nd class / Economy and ÖBB 1st class (note: ÖBB Business class is not included). The product can be booked as Rail and Fly as well as Fly and Rail.

All long distance domestic trains (railjet, ICE, IC, EC) and live train schedules are published in the GDS under carrier code 9B (the range of ÖBB-trains is 9B 8100 – 8799).

Bookings on ÖBB shall be made in your GDS system using carrier code 9B in the following booking classes:

EK Cabin Class	9B Cabin Class	9B Booking Class
First	First	C
Business	First	C
Economy	Second / Economy	Y

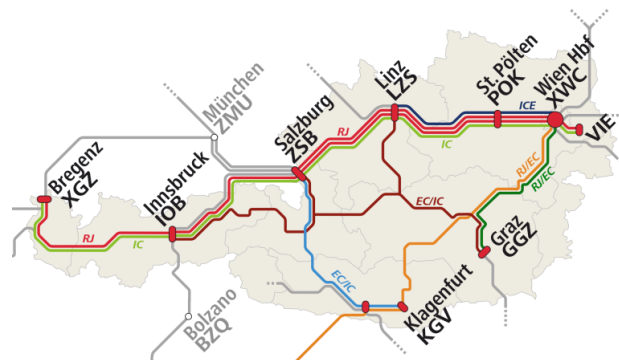

Emirates Business and First Class passengers receive complimentary access to the ÖBB lounges at all major train stations (*Wien Hauptbahnhof, Wien Westbahnhof, Wien Meidling, Linz Hauptbahnhof, Salzburg Hauptbahnhof, Innsbruck Hauptbahnhof, Graz Hauptbahnhof, Klagenfurt Hauptbahnhof*) in conjunction with their ÖBB 1st class ticket. Please find the opening times of the lounges on: <http://www.oebb.at/de/leistungen-und-services/am-bahnhof/oebb-lounge>

The Austrian Rail Network

The Austrian OEBB rail network is divided into seven regions and each region has its own main city. Passengers can book their train travel from the seven different main cities to Vienna International Airport (VIE) and v.v. In addition, passengers may also travel on the local railway network within the booked region at no extra cost (see station list below). This means that the passenger may depart from any OEBB train station within the region to Vienna International Airport (VIE) and v.v.

The regions of OEBB are different to the federal states of Austria. Please check the exact region of the particular train station in the station list.

Region	Main city of the region	Railway Station Code
1. Vorarlberg	Bregenz	XGZ
2. Styria + Burgenland (South)	Graz	GGZ
3. Tyrol (North)	Innsbruck	IOB
4. Carinthia + Tyrol (East)	Klagenfurt	KGV
5. Upper Austria	Linz	LZS
6. Salzburg	Salzburg	ZSB
7. Lower Austria + Burgenland (North)	St. Pölten	POK

Validity of OEBB rail-boarding-pass

The OEBB rail-boarding-pass is booked and issued for a particular train connection from the main city of the region to Vienna International Airport (VIE) and v.v. The details of the booked train connection are shown on the Emirates booking and later on the OEBB rail-boarding-pass.

Notes:

- Bookings from Graz or Klagenfurt to Vienna International Airport (VIE) and v.v. might require a change of the train at Wien Hauptbahnhof. In this case, the sector between Vienna International Airport (VIE) and Wien Hauptbahnhof will always be included in the OEBB rail-boarding-pass. The route of travel is also indicated on the OEBB rail-boarding-pass.
- Ticket is only valid on OEBB trains (except night trains – EN Euro Night)
- Travelling only from Vienna main station to Vienna International Airport (VIE) is not possible.
- Fares vary depending on the region and are filed in the GDS system as through-fares from/to the main city of the region.

If you have any questions concerning Rail&Fly, do not hesitate to contact us on vienna.sales@emirates.com or +43 1 532 60 28 200.

Full flexibility:

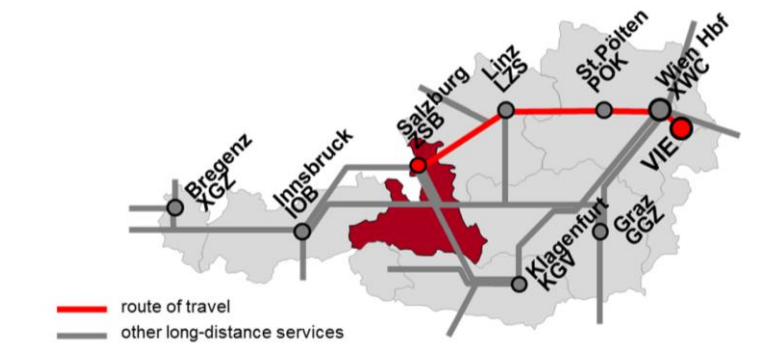

The OEBB rail-boarding-pass may also be used on the following trains within the ticket validity:

- Alternative trains from the booked main city to Vienna International Airport (VIE) and v.v.
- Trains from any OEBB train station within the booked region to Vienna International Airport (VIE) and v.v. For example, a passenger with a booking from St. Pölten (POK) to Vienna International Airport (VIE) may also travel from Wr. Neustadt to Vienna International Airport (VIE) without actually passing by St. Pölten. Wr. Neustadt is in the same region as St. Pölten and therefore the OEBB rail-boarding-pass is also valid on this route.

Important: The actually selected train has to arrive at Vienna International Airport (VIE) before or at least at the same time as the originally booked train. In case of misconnections to the outbound EK flight due to a train delay, passengers will be rebooked on the first available flight only for delays of the booked train (as shown on the Emirates Booking) and trains with an earlier or equal estimated arrival time at Vienna International Airport (VIE) as the booked train.

Example: Rail&Fly Salzburg (ZSB) -> Vienna (VIE) -> Dubai (DXB)

This routing will include a particular train connection from the main city Salzburg to Vienna International Airport (VIE). In addition, approx. 60 railway stations within the region may be used to reach Vienna International Airport (VIE). Therefore, a passenger could travel from Eben im Pongau via Salzburg Hauptbahnhof to Vienna International Airport (VIE) with one OEBB rail-boarding-pass for ZSB-VIE.

Stops in Vienna:

Passengers starting their journey from Austria (eg POK – DXB)

A stop at the Vienna main train station (*Wien Hauptbahnhof*) is possible at no extra cost within the validity of the OEBB rail-boarding-pass:

- Rail feeders for flights departing from VIE: The ticket is valid on a single trip to Vienna International Airport (VIE) on the booked train travel date **as well as the day before**.
- Rail feeders for flights arriving at VIE: The ticket is valid on a single trip from Vienna International Airport (VIE) on the booked train travel date **as well as the day afterwards**.

For example, if a passenger has booked POK-VIE on April 2nd (and then travels to DXB on EK on the same day), the ticket will be valid on April 2nd and April 1st for a single trip from POK to VIE on the booked train, any other train operated by OEBB on POK-VIE on these dates or any other OEBB train connection within the booked region to VIE on these dates.

Passengers starting their journey outside of Europe (eg SYD – ZSB)

If the fare rules from the local market allow stopovers in Europe, Rail&Fly passengers can enjoy a stopover in Vienna on their journey through Austria. For example, passengers may travel from Sydney to Vienna on 13 September, stay in Vienna until 17 September and then travel onwards to Salzburg on 24 September.

Eligibility

The Rail & Fly product is available to all EK revenue passengers on EK online routes where through-fares have been filed in MARS/GDS.

Groups, Skywards reward bookings and OAL FFP tickets are not permitted.

Not available for staff tickets and PEP tickets.

Child / infant discounts permitted (for discount levels consult your GDS).

Minimum Connecting Time Vienna International Airport (VIE)

Rail/Air: 01:30Hrs

Air/Rail: 01:15Hrs

Ticketing

The Rail & Fly segment has to be issued in conjunction with EK flight segments (e.g. POK-DXB). In case of retroactively adding train segments, the ticket has to be reissued, the fare needs to be re-assessed and applicable rebooking fees have to be charged.

Ticketing Timelimit

As per international fare conditions.

Check-In for the train segment

Passengers ticketed to travel on OEGB **must check-in prior to boarding any train**. Check-in is possible within 72 hours before the departure of the booked OEGB connection (as shown on the Emirates Booking). In case passengers fail to check-in prior to boarding, they will be asked to buy a new ticket on the train. In this case no refunds can be granted.

There are two options to check-in and obtain your OEGB rail-boarding-pass:

1. Web-Check-In on <https://check-in.accesrail.com>
 - Please present the printed or electronic OEGB rail-boarding-pass on board of the train with an ID-Card.
2. OEGB-Reisezentrum (ticket office)
 - This option is not available at all train stations. Please check in advance: <http://www.oebb.at/de/leistungen-und-services/am-bahnhof/bahnhofsinformation>

Notes:

- Check-in can be done by using passenger name and PNR locator or E-ticket number.
- **No boarding without check-in.**
- **Passengers have to check-in for the Emirates flight and OEGB train separately.**

Important: The Emirates Online-Check-In is not available for Rail & Fly passengers departing from Vienna International Airport (VIE). Passenger must check-in at the airport. However, advance seat reservation is available.

If you have any questions concerning Rail&Fly, do not hesitate to contact us on vienna.sales@emirates.com or [+43 1 532 60 28 200](tel:+4315326028200).

Baggage

OEBB will honour EK baggage allowance on its trains. However, bags will not be through checked by OEBB onto EK or vice versa. The passengers are responsible for the carriage of their bags both onto and off the train. During the rail travel all luggage is carried by and with the passenger. No check-in is required for luggage on the rail segment. Luggage racks are situated over the seats and in the corridors.

Re-booking / Cancellation of train segments

Standard EK ticketing policy applies as per the booked EK fare rules.

Disruptions

Delay of OEBB trains:

If the booked OEBB train is delayed which may cause misconnection to the EK flight, passenger should contact Emirates directly. Passengers are rebooked on the next available flight only for delays of the booked train (as shown on the Emirates Booking) and trains with an earlier or equal estimated arrival time at Vienna International Airport (VIE) as the booked train.

Delay of EK Flights:

In case of disruptions to the EK flight resulting in a misconnection of the train already booked, OEBB will honour the coupon and place the passenger on the next available train.

GDS entries

The availability of Rail & Fly on the route Graz to Sydney may be checked with the following entries in the different GDS Systems:

Amadeus:	1EKAN12SEPPGGZSYD
Galileo:	A12SEPPGGZSYD*EK
Sabre:	112SEPPGGZSYD#EK

FAQs

1. Will fares be loaded for auto TST creation?
Yes, the fares will be loaded for auto TST creation.
2. After ticket issuance, can an existing ticket be reissued to include Train Service?
Yes, Standard EK ticketing policy applies.
3. Are reissue charges waived if passengers book the journey online and later want to include train service?
No. Reissue fee is applicable if there is any charge to the original ticket.
4. Will EK fare rules on re-issue charges, penalties and refund apply on the train segment?
Yes. Standard EK fare rules apply.
5. Is Pre-seating on the train available?
 - Web-Check-In: Seat-reservation is not included. However, passenger can book a seat at an additional cost at OEGB's website: <http://www.oebb.at/en>
 - Check-In at OEGB-Reisezentrum (ticket office): Seat reservation is included. This option is not available at all train stations. Please check in advance: <http://www.oebb.at/de/leistungen-und-services/am-bahnhof/bahnhofsinformation>

Note: Online-booked seat-reservation doesn't replace Check-In. Seat reservation is not available on all OEGB trains.
6. How will passenger booking this service know that this is a train service?
Passenger's e-ticket will clearly indicate that this is a train service
7. Can a go-show passenger be accepted?
No, Go-show passengers will not be accepted.
8. Do passengers receive Skywards miles for the OEGB train journey?
No. Passengers can collect Skywards miles only on Emirates flights.
9. Can Rail & Fly fares from different regions be combined with each other?
Yes. Rail & Fly fares from different regions can be flexibly combined with each other on a half-RT basis (e.g. ZSB-VIE-DXB-VIE-IOB).
