A BIG ANNIVERSARY

Dear Ladies and Gentlemen,
Dear Travel Partners,

"Silent Night! Holy Night!" is the best known and most sung Christmas Carol in the world. Since the first time it was heard in 1818, in Oberndorf near Salzburg, it has proclaimed the message of Christmas, the feast of love and peace in a unique way. On the occasion of its 200 year anniversary, we celebrate the history and proliferation of the song worldwide, with new and current activities. For this purpose, we have developed attractive programme ideas for a trip in the "Silent Night Country", which you can find on the subsequent pages. Atmospheric tours take you to the most important towns in SalzburgerLand and in Upper Austria in which Joseph Mohr and Franz

Xaver Gruber once lived and worked, as well as to Tyrol, from where the song and its message of peace have been carried out into the world. These routes are combined with visits to atmospheric Christmas markets, Christmas performances and ideas for activities in the snow. Let your customers participate in celebrating this special anniversary with an unforgettable journey in the footsteps of "Silent Night! Holy Night!"

200 YEARS OF SILENT NIGHT

THIS IS HOW THE SONG WAS CREATED

Oberndorf – Silent night chapel

QUIET TONES...

...were heard on Christmas Eve, 1818 in Oberndorf from only a guitar and two voices singing, and yet this was to become the most famous song in the world.

In 1816, Joseph Mohr wrote a touching poem in the village of Mariapfarr, Franz Xaver Gruber composed the melody two years later at Christmas Eve, not realising that two years later it would become the lyrics of that simple Christmas Carol which would someday gain world fame.

“Silent Night! Holy Night!” was a message of peace, which spread like wild-fire around the world. Today, there is hardly anyone who does not know the contemplative melody, but few people know that the origins of this simple Christmas Carol lie in SalzburgerLand, that Franz Xaver Gruber grew up in Upper Austria and that the song went out into the world from Tyrol.

The trail of the song leads today through SalzburgerLand, Upper Austria and Tyrol. Lovingly decorated museums, churches and memorials in the Silent Night towns, remind of the history and proliferation of this moving song and also the life and work of the two creators - Joseph Mohr and Franz Xaver Gruber.

DISCOVER THE SILENT NIGHT COUNTRY

Hochburg-Ach – visit the memorial house with its weaving loom where Franz Xaver Gruber learnt his weaving trade. A contemplative tour to 6 stations of the Franz Xaver Gruber peace path from the memorial house of the Gothic Parish Church with the F.X. Gruber memorial organ. Day 2 – SalzburgerLand

Oberndorf – visit the Silent Night Chapel and the Museum in the old vicarage with a focus on Silent Night and the Salzach river shipping. Continue on to the **City of Salzburg** (approx. 20km), walk in the footsteps of Silent Night through the City of Salzburg and visit the special exhibition "Silent. Night. 200." in the Salzburg Museum, as well as the stage play "Silent Night Story" composed by John Debney at the stage "Felsenreitschule".

The visitor learns more about the Zillertal national singers and the organ builder Carl Mauracher, while there is also the world's largest known Silent Night record collection located here. The individual blocks/days of your tour can be freely exchanged along with adding further options.

GRUBER & MOHR IN SALZBURGERLAND

PROGRAM PROPOSALS FOR YOUR GROUP TOUR IN SALZBURGERLAND

Salzburg Christmas market

Day 1

City of Salzburg – guided tour in the footsteps of Silent Night and W. A. Mozart to the most beautiful attractions such as the Salzburg Cathedral, where there is the baptismal font in which W. A. Mozart and J. Mohr were baptised. Visit the special exhibition “Silent Night. 200.” in the Salzburg Museum, as well as the stage play “Silent Night Story” composed by John Debney at the stage “Felsenreitschule”.

Day 2

Oberndorf – visit the world famous chapel and the museum in the old vicarage with a focus on Silent Night and the Salzach river shipping, a carriage ride to **Arnsdorf** and a guided tour through the Silent Night Museum

in the oldest surviving schoolhouse in Austria. Here, Gruber lived for 21 years and wrote the melody to the song. Then explore the pilgrimage church “Maria im Mösl” and continue on to **Hintersee** (approx. 55km). On a romantic lantern hike from the parish church to the Joseph Mohr Memorial Chapel, visitors learn more about Mohr’s work in the village.

Day 3

Mariapfarr – tour through the Silent Night Museum. Particularly worth seeing are the reconstructed “Mohr-Stube”, in which Mohr wrote the lyrics to the famous song, as well as the little silver altar. Thereafter, visit the newly renovated pilgrimage church and the Silent Night fountain. Drive on to

Wagrain (approx. 60km) and on a culture walk feel the “secret magic which lies over the village”, in which J. Mohr worked for so long and also K.H. Waggerl lived. See the churches of Wagrain and J. Mohr’s final resting place. In the Pfleger Palace (from Dec. 2017) you can learn more about the interpretation of the text in different languages and about the “passage of time” in Wagrain.

Day 4

Hallein – Gruber Tour - an actor slips into the role of F. X. Gruber and tells “personal stories” from his life. Thereafter, visit the parish church with the new Silent Night Organ (inauguration 25.11.2018) and the renovated Gruber apartment building in the Silent Night Museum Hallein (inauguration 27.09.2018) with original guitar and the autographs II, IV and V. Here in 1854, Gruber wrote the authentic initiative, through which the origins of the song in Salzburg are documented.

The individual blocks/days of your tour can be freely exchanged along with adding further options.

ON THE TRAIL OF GRUBER IN UPPER AUSTRIA

PROGRAM PROPOSALS FOR YOUR GROUP TOUR IN UPPER AUSTRIA

Day 1

Hochburg-Ach – in 1787 Franz Xaver Gruber was born on the so-called Steinpointsölde in Hochburg-Ach. Against initial opposition from his father, a linen weaver, he was musically trained and took the profession of a teacher. In the Franz Xaver Gruber memorial house in Hochburg-Ach, the life of a poor family of linen weavers is appreciable at the time of the Napoleonic wars.

A tour on the Franz Xaver Gruber peace path makes the timeless content of the song "Silent Night" perceptible. Stations are available for each verse of the song, as well as for the worldwide dissemination of its message of peace on all continents. In contrast are the details of the troubled times in which "Silent Night" has its origin. On an inspiring walk through all continents, the peace path as a meditative journey to inner peace can be experienced all year round. At the end, take a visit to the parish church with the "Franz Xaver Gruber Memorial Organ".

Day 2

Ried im Innkreis – here in 1806 Franz Xaver Gruber completed his apprenticeship. As in many cities of the Innviertel region, the centre of Ried is characterised by typical Bavarian Baroque facades. Not until 1779, did Ried and the Innviertel come to Upper Austria. In Napoleonic times, it changed hands several times between Bavaria and Upper Austria.

Hochburg-Ach – peace path

Also the path to Ried was full of tribulations which the crib from the Oberndorf parish church took. After the demolition of the Church, it first went into an attic and then into the collection of the vicar Johann Veichtlbauer. He donated these objects to the town of Ried in 1933. And so it happens that the old crib, before which the world's most famous Christmas Carol was sung for the first time, can today be seen in the Innviertler Folklore House in Ried.

Day 3

Steyr – during the Advent time the Silent Night journey to Steyr ends at the

1st Austrian Christmas Museum. From November 2018, there is a replica of the first text print of "Silent Night" from the early 19th Century on show.

The individual blocks/days of your tour can be freely exchanged along with adding further options.

FROM TYROL OUT INTO THE WHOLE WORLD

PROGRAM PROPOSALS FOR YOUR GROUP TOUR IN TYROL

Achensee – Sixenhof

Day 1

Fügen – home of the Ur-Rainer Singers. In the Baroque Chateau of Fügen in the 18th Century lived the Major and Chamberlain Count Ludwig von Dönhoff (1769-1838). To entertain his guests, the Emperor Franz I and Czar Alexander I, he organised one evening an appearance of the Ur-Rainer singer family - Maria, Felix, Franz, Anton and Joseph Rainer - from Fügen. According to oral tradition, they sang the song "Silent Night! Holy Night!" among other songs. The songs delighted the celebrity guests so much that from then on the Ur-Rainer singers were able to perform in many European cities and at the noblest princely courts, among them also before King George IV of England. Just a few steps beside the Fügen Palace, in the graveyard of the parish church, a monument to the

Ur-Rainer Singers can be found on the tomb of the family Dönhoff. When you visit the Local History Museum in the Widumspfiste you will discover the world's largest known Silent Night record collection. Many of the records can still be listened to, and additionally one can learn more about the Zillertal national singers and the organ builder Carl Mauracher, old crafts and mining in Fügen/Fügenberg.

Hippach – residence of the Strasser family. The four siblings of the Strasser family singers - Anna, Joseph, Amalia and Karolina - grew up in Hippach, more specifically in Laimach, a hamlet of Hippach. From here, the four singers travelled and spread the song "Silent Night! Holy Night!" The Strasser House, their birth house from the 18th Century still stands today. It is a Zillertal farmhouse built entirely from wood with smoke-stained wood beams, an old lounge with a barrel oven and sash and door hinges. The grade II listed farmhouse tells a lot about the austere life of the Zillertal farmers in the past that carried the song "Silent Night! Holy Night!" out into the world. But there is also a lot to discover there about the history of the most famous Christmas song.

Day 2

Achensee – home of Ludwig Rainer. When Ludwig Rainer, son of Maria Rainer from the Ur-Rainer, came back to Austria with his group from America and Russia, he built the Hotel Seehof at the Achensee in 1869, which later burned down in 1900. The hotel, equip-

ped with all comforts, attracted guests from all over the world and was his home from then on. Accordingly, one embarks on the trail of Ludwig Rainer in Achensee. Additionally, the Lake Chapel with its altar in the neo-Gothic style at the Achensee Lake was built by national singer Ludwig Rainer and after his death in 1893; he was buried gracefully in Achenkirch. During a visit to the "Sixenhof" in Achenkirch, the local history museum, you can get interesting historical insights such as on a clothing chest of Ludwig Rainer. In the Sixenhof, the history of the Holy Night is recounted each year in a centuries-old stable.

The individual blocks/days of your tour can be freely exchanged along with adding further options.

SPECIAL EXHIBITION TO SILENT NIGHT

Seven exhibitions and themed trails celebrate the Silent Night Jubilee in SalzburgerLand. Differing perspectives complement and enrich each other.

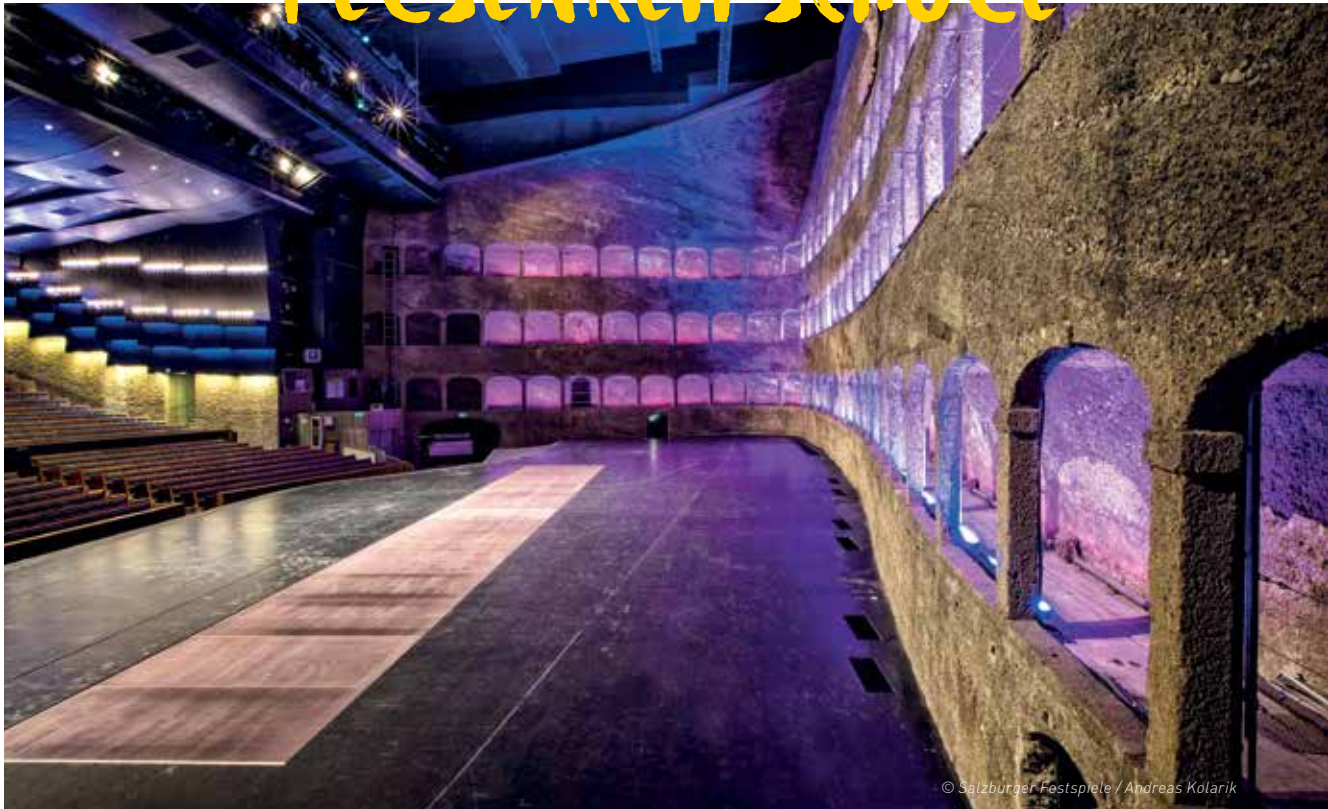

In the **Salzburg Museum**, from the 27.09.2018, an extensive special exhibition is being held – “Silent Night. 200. Creation, Message and Commerce.” On show, among other things, there is the original autograph by Joseph Mohr. Aside from this, the main focus is on the creation and spread of the Silent Night song out from Salzburg, Tyrol and Upper Austria as far and wide as America.
www.salzburgmuseum.at

Additionally, it can be found in the special exhibitions in six Silent Night Towns.

Oberndorf illuminates the social history background and the creation and performance of the song. In **Mariapfarr**, the focus is on Mohr's church life and his spirituality as the source of the textual poetry. His spiritual welfare activity led Mohr to **Hintersee**, where a themed trail and a memorial are dedicated to him. In **Wagrain**, the new museum in the Pflegerschlössl presents on the one hand Mohr as a social and educational reformer and on the other hand the international proliferation of the

song. Visitors will be invited to think beyond our dealings with time and tranquility. In **Arnsdorf** Gruber is once again in the focus as a teacher. From there, he oversaw organ services in Oberndorf, which is where he met Mohr. The Silent Night Museum **Hallein** presents from 27.09.2018 the highlights from Gruber's estate. Here the choirmaster composed further versions of “Silent Night! Holy Night!” On show are the original autographs, letters, instruments, furniture as well as the Gruber portrait by S. Stief (1846), the authentic reasoning (1854) and the original Joseph Mohr guitar (1818).
